Disclosure Statement

American Economic Journal: Macroeconomics

"Housing First or Treatment First? Ask the Kids, Not the Parents"

Shahar Rotberg, Canada Mortgage and Housing Corporation (CMHC)

I declare that I have no relevant or material financial interests that relate to the research described in this paper.

Financial support. I did not receive any funding for this research. It was conducted on personal equipment and time, and no person or entity provided financial or in-kind support for it.

Positions. I am employed by Canada Mortgage and Housing Corporation. I hold no paid or unpaid position as an officer, director or board member of any non-profit organization or profit-making entity whose policy positions, goals or financial interests relate to this paper.

Review by interested parties. No interested party reviewed the paper, or had the right to review it, before its circulation. The opinions expressed in the paper are my own and do not necessarily represent the views of CMHC.

Data. The paper uses only publicly available data. The data and replication code are available at `https://github.com/srotberg/housing_first_or_treatment_first_ask_the_kids_not_the_parents`.

Use of generative artificial intelligence. Claude (Anthropic) was used to write the code of the stylized model and extensions of the quantitative model, to debug the code, and to run the simulations. I wrote the baseline code of the quantitative model, own the code, and take full responsibility for the paper's content.
